In the 2008 elections, I will not vote for, contribute to, or volunteer for any member of Congress who:

- **Votes against a concrete timeline for withdrawal of US troops from Iraq.**
- **Votes to fund the war in Iraq without requiring that the funding be used for withdrawal of US troops, reconstruction, and regional diplomacy.**
- **Supports permanent US military bases in Iraq and a long-term occupation.**

For over fifty years Peace Action has successfully organized to end the nuclear threat, to create a more peaceful economy, and to support nonviolent resolutions to international conflicts.
